

New Power Prices

Northern Auckland

As a result of the electricity price review it has been recommended that Trustpower remove Prompt Payment Discount. We are doing this on a rolling basis, ensuring customers are no worse off on no Prompt Payment Discount plans. Please see below revised prices for our Prompt Payment Discount plans and also our new plans.

These prices will apply to electricity used from 1 April 2021.

The charges that make up your power bill include our costs to supply power to your property. These include transmission (national grid) charges, local network distribution charges, wholesale energy charges and market fees, and Trustpower's retail costs.

Trustpower's electricity prices for our typical North Auckland customer will increase by 4.51% on 1 April 2021. For a typical home this will be an approximate increase of 33 cents per day**.

This price increase includes a 4.70% increase in charges from the distribution network owner Vector. The increase in network charges accounts for 36.45% of the overall customer price increase. The balance of the total price increase is due to an increase in Trustpower's retail charges.

Pricing applies to customers connected to Vector Northern distribution network.

** Including GST and after 15% prompt payment discount, if applicable. Based on a Trustpower residential Friends customer using 9,530 units per year on our All Inclusive pricing option.

Note: The Electricity Market Fee will continue to appear on your bill. This fee is not subject to any Prompt Payment Discount.
