The charges that make up your power bill include our costs to supply power to your property. These include transmission (national grid) charges, local network distribution charges, wholesale energy charges and market fees, and Trustpower's retail costs.

Over the past year we have seen an increase in our costs and as a consequence our electricity charges for your property are increasing.

Trustpower's electricity prices for our typical Manawatu customer will increase by 3.9% on 12 April 2021. For a typical home this will be an approximate increase of 17 cents per day**.

Pricing applies to customers connected to the Powerco Western Region network.

** Including GST and after 15% Prompt Payment Discount, if applicable. Based on a Trustpower Friends Domestic customer using 5,500 units per year on our 24 Hour and Controlled pricing options.

Note: The Electricity Market Fee will continue to appear on your bill. This fee is not subject to any Prompt Payment Discount.
